### How can SAS help you?

Hello and welcome, it has been almost 12 months since the start of lockdown. We have witnessed a complete 360 in the way we interact with our clients and our business processes. We've seen a huge shift in the way we consign your items to auction, our virtual valuations have been easily accessible and helped so many clients outside of the traditional working hour pattern! Naturally, we miss the personal interaction with our clients though! We're sure those days will be back before we know it, but for now like many people we need to adapt to a changing environment.

Like most businesses it has been very difficult operating from behind closed doors. That said we've managed to help so many clients by carrying out virtual valuations via Zoom, WhatsApp and email. This has proven to be very successful as we can reach out to more clients and work around them as we are not restricted to the Monday-Friday 9am-5pm way of working. We can be much more flexible to accommodate more clients.

Let us help you and see what treasure we can uncover for you, remember the golden rule, your junk could be another person's treasure and fingers crossed, valuable and worth thousands too...so it is always worth a call or email and let us use our extensive knowledge and experience to help you.

We hope to see you all soon, stay safe and please take care.

Your SAS team
