

Dear friends,

Welcome to the late March Newsletter from Special Auction Services.

SAS are pleased to be able to invite viewing appointments for each auction several weeks in advance of the auction date. Please don't hesitate to get in touch.

Don't forget we hold free valuations every Wednesday by appointment so please do make an appointment and pop in to see us!

As promised, our new system is ready to be launched at the beginning of April. With this in mind if you regularly open and read your newsletter and after April SAS emails no longer find you, please don't hesitate to email Neil@specialauctionservices.com and let us know so we can ensure you don't miss out again!!! Our new system will enable you as both a buyer and a vendor to have access to your own profile with an inventory of all statements and invoices. It should make buying and selling through SAS a much more positive and easier experience. You may be asked to replace / renew your password for bidding in the next auction but should you experience any issues please get in touch and we will endeavour to talk you through any problems.

We have highlights, previews and news all below!!
Click on the links to view the full catalogues and register to bid.
