#### The Ethel De Wolf Collection

The Ethel May de Wolf Collection The following twenty lots relate to the earlier years and antecedents of Ethel May Codrington, née De Wolf (1883-1972). Ethel was born in Boston, Mass., to a wealthy Anglo-American shipowning family. Her father's family had emigrated to New England in the 1650s, but her grandfather James De Wolf moved to Liverpool in around 1850, marrying Ellen Bibby from a notable shipping family in 1849. Their son Charles (1859-1934) married Isabel Meredith, who was brought up in Boston, but her grandmother Wagstaff's line came from Lancashire, and the Merediths from Lincolnshire. Ethel was subsequently brought up in the Liverpool and Birkenhead area and married Claude Codrington in 1917; their son and only child William died in 1941, serving with the Coldstream Guards in Egypt. Ethel's dolls and childhood toys and books, and photographs of her with some of them, will be in our Doll, Teddy Bear and Traditional Toy auction on 9th June.

Ron Flockhart was born in Leith on 16 June 1923; his father's family were successful trawler owners and managers. He graduated from Edinburgh University with a BSc in Engineering in 1943, followed by military service in the REME, maintaining and recovering tanks and other vehicles. After looking machinery in large carpet factories, in 1954 he joined the Owen Racing Organisation as a team and test driver for BRM. He had already proved his mettle as a keen motorcyclist, graduating to an MG, then, in 1952, he bought from Raymond Mays his supercharged ERA R4-D and was notably successful in the 1953 season, also acting as his own mechanic, and was also successful in the V10 BRM in 1954. He participated in various cars in fourteen Formula One Grand Prix up to 1960, when he raced a Lotus for Colin Chapman at Reims, in the uniquely all-Scottish team of himself, Jim Clark and Innes Ireland. The peak of his racing career was winning the Le Mans 24 Hour endurance race in 1956 and 1957 in D-Type (XKD 120) Jaguars. He won for the first time in a short-nose XKD501, registration MWS301, racing number 4, with Ninian Sanderson; in August 2016, RM Sotheby's sold this car at a record price for a British car, £16.64 million, only surpassed in 2017 by an Aston-Martin DBR1. Flockhart won for the second time in a long-nose XKD606, registration 376SG (later RSF301), racing number 3, with Ivor Bueb; this car is now in the Louwman Museum in The Netherlands. Flockhart had an accident in 1958 so was unable to drive for Ecurie Ecosse at Le Mans, but did meet his wife to be, Gillian Tatlow, in a racing paddock that year, and they married on 11 March 1961. He left Ecurie Ecosse in 1960 and went to Australia in 1961 to race cars and to try to beat the Sydney to London record in a piston-engined aircraft, in a Mustang. Tragically, just over a year after his marriage, on 14th April 1962 his aircraft hit unexpected bad weather near Melbourne and he was killed in the ensuing crash.

Sargeant Jagger Sc' (Sculpsit), on contemporary stained-oak mount with moulding 'support', 165mm x 490mm, mount 260mm x 615mm; Jagger was already interested in Assyrian bas-reliefs, as seen most powerfully in his remarkable Royal Artillery Memorial in London, 1921-1925; the original version of this relief was over 3 metres wide and a bronze cast was presented to the Tate Gallery in 1923, notable in his work for not being conceived as part of a memorial; in this size, this relief is apparently found in three different versions, with and without Beatrice Brice Miller's lines of text; this version without text is probably one of seven cast in 1935, after Jagger's death; a pencil sketch for a detail appears in his book 'Modelling and Sculpture in the Making', highlighting the horrors he had seen in the Great War, and how his comrades had died across the wire, with their respirator packs dangling redundantly around their necks; see Compton, A, *The Sculpture of Charles Sargeant Jagger*, pp31 to 33; the variant of this relief and mount offered here appears to be identical to the one sold at Sotheby's, London, 13 July 2007, lot 303 (although not the same example), with Jagger's signature slightly above and scrolling over a raised border running along the base of the relief; a similar variant without text was sold at Toovey's, Washington, 7 September 2018, but the signature is contained within the raised border - in this respect it appears similar to the variant with text sold first at Sotheby's, London, 2 June 2010, lot 119 and subsequently at Christie's, London, lot 176, with the signature within the raised border, but the signature itself is noticeably different

## ABBREVIATED TERMS AND CONDITIONS

Please ensure you view the Full Terms & Conditions on our website prior

**Specialist Auctions Ltd Trading as Special Auction Services referred to as The Auctioneer and to include any person acting upon his authority.** In these Terms of Sale the words 'you', 'yours', etc. refer to you as the Buyer. The words "we", "us", etc. refer to the Auctioneer. English Law shall govern all transactions associated with this sale.

### **Conditions of Sale**

**Third Party Liability:** All persons on the premises of, or at a venue hired or borrowed by the Auctioneers are there upon their own risk. They shall have no claim against the Auctioneer in respect of any accident, injury or damage howsoever caused.

**Bidding procedures and the Buyer:** You must register your details with us before bidding and provide us with any requested proof of identity and billing information, in a form acceptable to us. You must also satisfy any security arrangements we have in place before entering the auction room to view or bid. We strongly recommend that you attend the auction in person. You are responsible for your decision to bid for a particular Lot. If you bid on a Lot, including by telephone and online bidding, or by placing a commission bid, we assume that you have carefully inspected the Lot and satisfied yourself regarding its condition and authenticity. **The Purchase Price:** As Buyer, you will pay: a) the Hammer Price; b) a premium of 20% of the Hammer Price if bidding in the room; telephone bidding or leaving a commission bid directly with SAS; and for all bidding online via SAS LIVE; and a premium of 25% will be charged for all bidding online via the-saleroom.com c.) any artist's resale right royalty payable on the sale of the Lot; and d) any VAT due.

**VAT:** You shall be liable for the payment of any VAT applicable on the Hammer Price and premium due for a Lot. We will charge VAT at the current rate at the date of the auction. Items in our catalogue may be marked in the following ways: (\*) indicates that VAT is payable by the buyer on the hammer price as well as being an element in the buyer's premium. VAT will be chargeable at the standard rate (presently 20%). This imposition of VAT is likely to be because the seller is registered for VAT within the European Union and is not operating the Dealer's Margin Scheme or because VAT is due at 20% on importation into the UK. (\*\*) indicates that the lot has been imported from outside the European Union. [These lots are liable to the standard rate of VAT (currently 20%); in certain circumstances these lots will incur a reduced rate of VAT (5%) on the hammer price and buyer's premium]. The rate will be clearly indicated. Lots which do not have either of the above symbols have no VAT payable on the hammer price. This is because such lots are sold using the Auctioneers' Margin Scheme. **The VAT included within the premium is not recoverable as input tax.**

**Payment:** Immediately following your successful bid on a Lot you will pay to us the Total Amount Due within 7 days, by cash (maximum £10,000), debit card or bank transfer. Following the day of the sale, we will send out invoices to all successful telephone, online and commission bidders via email or post. We will wherever possible include on the invoice a charge for packing and shipping the lots purchased. Packing is undertaken in house and shipment is made by Courier or Royal Mail. Insurance cover on shipments is not automatically provided within this charge. We also reserve the right to ask the buyer to complete a disclaimer regarding this service prior to despatching the goods. Alternatively, you will (at your own expense) pay for and personally collect or arrange your own courier to collect any Lots that you have purchased. This must be undertaken no later than 7 days following the day of the auction. You may not claim or collect a Lot until you have paid for it. If you do not pay for or collect the Lot within this time period, you will be responsible for any reasonable removal, storage and insurance charges in relation to that Lot. **Warranties:** The Seller warrants to us and to you that: the Seller is the true owner of the Lot for sale or is authorised by the true owner to offer and sell the lot at auction; the Seller is able to transfer good and marketable title to the Lot to you free from any third party rights or claims; and as far as the Seller is aware, the main characteristics of the Lot set out in the auction catalogue (as amended by any notice displayed in the saleroom or announced by the Auctioneer at the auction) are correct. If, after you have placed a successful bid and paid for a Lot, any of the warranties above are found not to be true, please notify us in writing. Neither we nor the Seller will be liable to pay you any sums over and above the Total Amount Due and we will not be responsible for any inaccuracies in the information provided by the Seller except as set out below.

**Descriptions and condition:** Our descriptions of the Lot will be based on: (a) information provided to us by the Seller of the Lot (for which we are not liable); and (ii) our opinion (although it is likely that we will not be able to carry out a detailed inspection of each Lot). Weights and measurements given are all estimates. We will give you a number of opportunities to view and inspect the Lots before the auction. You (and any independent consultants acting on your behalf) must satisfy yourself about the accuracy of any description of a Lot. We shall not be responsible for any failure by you or your consultants to properly inspect a Lot. Representations or statements by us as to authorship, genuineness, origin, date, age, provenance, condition or estimated selling price involve matters of opinion. We undertake that any such opinion will be honestly and reasonably held and accept liability for opinions given negligently or fraudulently. Please note that Lots (in particular second-hand Lots) are unlikely to be in perfect condition. Lots are sold "as is" (i.e. as you see them at the time of the auction). Neither we nor the Seller accept any liability for the condition of second hand Lots or for any condition issues affecting a Lot if such issues are included in the description of a Lot in the auction catalogue (or in any saleroom notice) and/ or which the inspection of a Lot by the Buyer ought to have revealed. We will give indications of provenance where stated by sellers. It is imperative that potential buyers or their Agents inspect lots that interest them prior to the auction. Purchases of autographed materials and works are made at the risk of the purchaser. Subject to our Terms and Conditions we cannot accept returns on these items.
