

## BBC's Bargain Hunt comes to Newbury

### News & Views from SAS

Dear Friends,

We are delighted to present you with six fabulous auctions throughout the month of September. The team have re charged their batteries and are ready for a big push between now and the end of the year. We have already started planning for next year's auctions. It's going to be another amazing auction line up. Please speak to either Thomas or Neil to discuss consigning lots for auction.

With COVID restrictions being eased your safety remains a key priority to us. We're continuing to offer valuations via an appointment system. This has been really positive as it allows us to manage and monitor clients and ensure clients are receiving sufficient time from our specialists. This in turns allows us to ensure there are relevant specialists on hand ready to offer you their recommendations, but more importantly this keeps everyone safe!

Please be encouraged to wear a face covering, hand sanitiser will be provided. You're welcome to view the sale in person by booking an appointment, so please don't turn up as you may be turned away or asked to wait outside until such a time as is appropriate for you to view. Auctions will remain online and behind closed doors, any further developments will be conveyed in due course.

Keep a look out on our social media platforms, Facebook, Instagram and Twitter are very active. This is a great source to find all the news and views on a regular basis.  
Have a fabulous Sunday and take care!

---
