### Decluttered During Lockdown?

We're amazed by the sheer volume of consignments being arranged by virtual appointments. This has certainly been an interesting transition for everyone! Naturally nothing compares to the personal approach we're very fond of and we cannot wait to welcome you back into our building but only when it's safe for us to do so.

As mentioned in our last newsletter and although COVID lockdown restrictions are beginning to ease, we're still yet to receive confirmation on how we are able to operate in the upcoming months, however as soon as we know what our roadmap looks like we will make sure to let you all know our re-opening to the public plan as soon as possible. We will see you soon!

Please take a moment to view our digital auction previews presented by our very own TV's Thomas Forrester, SAS Director Neil Shuttleworth and our Camera specialist, Mike Spencer. Feel free to like and subscribe to our YouTube channel.

Watch out for more interesting and fascinating lots featured in our up-and-coming auctions, these can be viewed on our website, Facebook, Instagram and YouTube.

Please keep safe and take care.
