You (and any independent consultants acting on your behalf) must satisfy yourself about the accuracy of any description of a Lot. We shall not be responsible for any failure by you or your consultants to properly inspect a Lot. Representations or statements by us as to authorship, genuineness, origin, date, age, provenance, condition or estimated selling price involve matters of opinion.** We undertake that any such opinion will be honestly and reasonably held and accept liability for opinions given negligently or fraudulently. Please note that Lots (in particular second-hand Lots) are unlikely to be in perfect condition. Lots are sold "as is" (i.e. as you see them at the time of the auction). Neither we nor the Seller accept any liability for the condition of second hand Lots or for any condition issues affecting a Lot if such issues are included in the description of a Lot in the auction catalogue (or in any saleroom notice) and/ or which the inspection of a Lot by the Buyer ought to have revealed. We will give indications of provenance where stated by sellers. It is imperative that potential buyers or their Agents inspect lots that interest them prior to the auction. Purchases of autographed materials and works are made at the risk of the purchaser. Subject to our Terms and Conditions we cannot accept returns on these items.
